

"קדש חייר בתורה וטהרם בעבודה"

Dear Parents, Hashem Imachem!

"After the chagim" has arrived and we will soon be starting "Chodesh Irgun" - the month that marks the beginning of a new year of Bnei Akiva activities!! Each year, Bnei Akiva chooses an educational topic that represents the month's theme. This year the theme is "Social Justice" (צדק חברתי).

Chodesh Irgun is a month of excitement, learning, education, growth and social integration. Therefore, this month is a great opportunity for chanichim to integrate within the Bnei Akiva movement. We would strongly recommend your children to participate! The schools also encourage the kids to participate in the month's events.

During the month, each age group will work together on a performance that includes several activities such as painting walls, practicing a show and many more intensive activities.

In order to simplify things, we have prepared a short list which summarizes the main things you should know about this month:

☞ **Painting walls:** Each Shevet (age group) gets a wall in the snif, which they are asked to design and repaint. The wall needs to present the month's theme in a creative way. *Make sure that you send your kids dressed appropriately for this activity.*

☞ **Organizing and practicing the show:** During this month there are many activities at the סניף. We will be sending out the schedule of activities at the beginning of each week. Each Shevet plans and practices a creative show together that presents the month's theme and performs it in front of all of the parents and the snif at the end of the month's events. In the first two weeks the חניכים of נבטים and שבט הכנה, will be allowed to stay in the סניף until 8 PM. שבט מעלות ומעפילים will be allowed to stay in the סניף until 9 PM. שבט הרא"ה will be allowed to stay in the סניף until 9:30 PM.

☞ **Shabbat Irgun:** On the last Shabbat of the month, Parashat "Vayetze" (29.11), which concludes Chodesh Irgun activities, there are special activities such as tfilot for all members of the snif together, meals together, activities with the shlichim, etc.

☞ **Motzei Shabbat Irgun:** The chanichim don't come home straight after Shabbat. All the parents come and join the chanichim in a big Mifkad, at which time each shevet moves up to the next shevet and the 9th graders perform a flag dance (Daglanut). Following the dance, the shevet receives a new name and officially joins 'chevraya Bet'.

☞ **Payment:** In order for the snif to operate smoothly, we request that payment of the yearly fees be paid as soon as possible. Payment of the fees are used to finance the joint activities of the snif during the whole year (equipment for Chodesh Irgun, supplies, activities etc...). The fees which are set together with the youth committee and are based on previous years:

First child: 110 ₪ | Second child: 90 ₪ | Third child: 60 ₪ | Fourth child: 300 ₪ for entire family

Operations "Brothers' Keeper" (שובו אחים) and "Protective Edge" (צוק איתן) have recently demonstrated the unity of the people of Israel, and the special strength of our nation. This month we plan to develop this unity among our people even more. We hope to promote goodness and brotherhood throughout our snif and to be privileged to see all the chanichim attending and actively participating in the Chodesh Irgun activities.

For further information please feel free to contact us at any time!
