

ביחד השמונאים

The list of “ביחד” (ב) (Together) Hashmonaim brings together people from various parts of our community who believe that we all came together to continue to work towards:

A suburban religious community based on a communal atmosphere of mutual respect, educational excellence, cultural enrichment, independent economic horizon and a safe and protected place to raise our children.

In recognition of the achievements of the generation of founders who created a yishuv on this barren hilltop, and in appreciation of the efforts of their successors who contributed to our community in further developing our infrastructure, educational resources and community life – we will continue to promote the growth of our yishuv by focusing on the following areas:

Education	▶ Updating the kindergartens, promotion of the school and the Ner-Tamid Yeshiva
Cleanliness	▶ Revised sanitation and recycling plan to allow us to proudly walk down the street
Youth	▶ Strengthening the Youth and Bnei Akiva with an emphasis on developing young leadership, volunteering and personal empowerment
Young Families	▶ Develop opportunities that will attract young families settle in a community such as a TAMAT daycare and activities for young children
Retiring	▶ Adding programs and opportunities for relevant content and activities while creating a welcoming environment for grandchildren
Seniors	▶ Ensure co-operation with the activities coordinator to utilize existing resources and increase activity
Sports	▶ Increased maintenance of existing fields/courts, adding tracks for running and biking and drinking fountains at various locations around the yishuv
Transportation	▶ Improving parking, handicap accessibility, enforcement, planning, hitchhiking safety, public transportation and parking for disabled
Public Parks & Buildings	▶ Renovating parks and public buildings, repair and add shade facilities, reading garden and benches
Security	▶ Coordinate joint exercises of the emergency squad, emergency medical services, security patrol and the security company
Finance	▶ Development of economic resources; long-term sources of income and fundraising for projects
Safety	▶ Develop programs that will deal with the phenomena of drugs and alcohol
New Communication Committee and Audit Committee	▶ Maintain continuous contact between the committees and the residents

We commit ourselves to working for the common good, with derech erez and transparency towards the residents of the yishuv.

We call upon you to be heard and join our efforts – through volunteering on the yishuv committees, but first of all by voting for “Together” putting a (ב) in the ballot box on Election Day.
